

DAVID C. ADAMS, D.D.S., M.S.

Payment Plan Options

Welcome! We look forward to serving you in our growing office. Orthodontic treatment is an excellent investment in the overall dental, medical and psychological well being of children and adults, and financial considerations should not be an obstacle to obtaining this important health service. Being sensitive to the fact that different people have different needs in fulfilling their financial obligations, we are providing the following payment options:

Option A: Office Payment Plan

Our office offers a courtesy payment option with no finance charge. An initial down payment is due to start treatment and the balance is broken down into monthly payments extending over the estimated months of treatment. This option is contingent on favorable credit approval per our accounting office.

Option B: Care Credit Plan

Our office is a provider for Care Credit, a personal line of credit for healthcare treatments and procedures. Care Credit works like a credit card but it has two advantages. It can only be used for healthcare services and you can get no interest financing every time you use it. You can contact Care Credit at 1-800-365-8295 or go to carecredit.com

Option C: Cash Discount for Payment in Full

If you choose to pay the fee in full when treatment is initiated, a 5% (3% for credit card) courtesy reduction will be credited. (Not applicable on Invisalign cases)

Option D: Chase Health Advance

Our office is a provider for Chase Health advance, a personal line of credit for healthcare treatments and procedures. Chase offers flexible, affordable financing options with no interest options available. You can contact Chase Health Advance at 1-800-510-5638 or chasehealthadvance.com

We also give a 5% discount on full treatment for a second family member and a 10% discount on full treatment for a third family member (not applicable to Invisalign, phase I or interceptive treatment until the start of phase II).

Our office administrator stands ready to discuss financial issues at any time.

Fees and amounts listed are approximate. This is an estimate only. The actual fee will be determined after the necessary records are obtained, treatment options are discussed, and time necessary for treatment is established.

Thank you for allowing us to be part of your health care needs!
